### **DETAILED ACTION**

1. This is in response to applicant's argument filed April 7, 2006, in which claims 3, and 5 are deleted and claims 1-2, 4, 6-28 are pending.

After further search and thorough examination of the present applicant and in view of applicant's argument, claims 1-2, 4, 6-28 are found to be in condition for allowance.

#### ***Allowable Subject Matter***

2. Claims 1-2, 4, 6-28 are allowed over the prior art of record. The following is an examiner's statement of reasons for allowance: the prior art does not teach a plurality of extension numbers and a corresponding plurality of different line keys physically present thereon and actuatable by an operator for selecting among any one of said plurality of extension numbers for making a call, said plurality of different line keys being separate and distinct from said numeric keypad.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
